CHAIRMAN'S MESSAGE

CYBER SECURITY IN BANKING

DEAR MEMBERS,

Cyber security has become a significant concern in today's digital age, especially in Banking Sector. Cyber security in Banking involves various measures and protocols designed to protect

financial institutions and their customers from cyber threats. The main goal of cyber security in the Banking sector is to ensure the integrity, confidentiality and availability of sensitive financial data. This means keeping your transactions secure, your personal information private, and banking services continuously accessible. The Bank as well as the customers should avoid getting into traps which are used by cyber criminals to defraud customers, such as Phishing attacks, Malware, Ransom-ware, Insider threats etc. However, there are several ways through which we can protect ourselves from cyber issues such as Use Strong Passwords, Enable Multi Factor Authentication, Stay vigilant, Monitor your accounts, secure your devices and the most important point not share OTP or any other credentials with anybody and also do not download any APK files or click on unknown links sent on Whatsapp or through SMS.

The Bank also takes various measures, to strengthen its IT infrastructure, thereby ensuring safety of the customers. The Bank also complies with all necessary advisories issued by RBI which are applicable to it, to eliminate any kind of cyber risk. Bank also conducts Cyber Security Audit every year and ensures compliances in all respect. Further, the customer can use our mobile banking App GBCB-M Connect for management of their Debit Cards, by setting limit on cards, blocking off cards etc.

With cyber threats to the Banking industry becoming more advanced, both banks and customers need to stay alert and take proactive measures to protect their data. Understanding the importance of cyber security and implementing strong protective measures can create a safer banking environment for everyone.

I urge everyone to be cautious while clicking on any unknown link, doing online transactions and not to share OTP or any credentials to anyone and make India a vibrant as well as digital India.

With warm regards,
Dr. Narendrakumar A. Baldota

We are pleased to share that we have recently partnered with Care Health Insurance and successfully launched a new cancer insurance product.

The launch event was graced by the presence of our esteemed **Chairman, Dr. Narendrakumar A. Baldota**, who officially unveiled the offering.
